

SHAKE WELL before each use

Space treatment: Apply 1ml of product per m³, as a fine mist.

Surface spray: Apply 20ml of product per m², slightly wetting the surfaces to be protected.

Repeat treatment as and when required.

Applications: Insecticide for amateur and professional use against flying and crawling insects such as ants, beetles, mites, cockroaches, fleas, flies, mosquitoes, wasps, moths and bed bugs. For use indoors on hard non-porous surfaces, cracks and crevices, hard and soft furnishings, including mattresses and carpets, in domestic situations and public hygiene areas such as hospitals (not occupied wards), offices, industrial premises, museums, aircraft, ships, and military installations. Also for use outdoors on ant and wasp nests. Not to be used on pet bedding, pet sleeping quarters or where pets frequently lie.

- Low odour during and after use
- Strong and long lasting
- No fire risk for safe storage and use
- Full strength ready to use product
- This product is normally non-staining, but a test should always be made first

Contains 0.1% w/w cypermethrin, 0.01% w/w pyriproxyfen and 0.05% w/w chrysanthemum cinerariaefolium extract*

500ml

To avoid risks to man and the environment, comply with the instructions for use. Keep in a safe place. Action should be taken to prevent foraging bees gaining access to treated nests, preferably by removing the combs or blocking the nest entrances. All bats are protected under the wildlife and countryside act 1981. Before treating any structure used by bats consult Natural England, Scottish Natural Heritage or the Countryside Council for Wales. Cover all water storage tanks before application. Do not apply directly to animals. Do not apply to clothing and bedding. Do not touch treated surfaces until dry. Do not use on beehives or beekeeping equipment. Do not handle treated fabrics until dry and air thoroughly before use. Do not contaminate foodstuffs, eating utensils or food contact surfaces. Exclude animals during application. Hazardous to bees.

When used by professional operators the following conditions apply: The (COSHH) Control of Substances Hazardous to Health Regulations 2002 may apply to the user of this product at work. Avoid excessive contamination of coveralls.

Warning

Very toxic to aquatic life with long lasting effects. Contains chrysanthemum cinerariaefolium extract. May produce an allergic reaction.

Precautions: Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand. Avoid release to the environment. Collect spillage. Dispose of contents/container in accordance with national regulations.

For information or to report a poisoning incident contact a poison centre - UK: 111 / Ireland (01) 8092166.

PCS No. 100079

**Chrysanthemum cinerariaefolium*, extract from open and mature flowers of *Tanacetum cinerariifolium* obtained with supercritical CO₂.
